Oil and Gas Industry Sets All-Time Record

By GAIL C. MILLER, Staff Writer
The oil and gas industry in Alberta has set a new all-time record for production in the month of December, according to the Alberta Petroleum Producers' Association (APPA).

The APPA reported that the province's oil and gas production in December was 1,000,000 barrels of oil and 100,000,000 cubic feet of gas, compared with 900,000 barrels of oil and 90,000,000 cubic feet of gas in November.

The APPA also reported that the province's oil and gas production in December was 1,000,000 barrels of oil and 100,000,000 cubic feet of gas, compared with 900,000 barrels of oil and 90,000,000 cubic feet of gas in November.

The APPA also reported that the province's oil and gas production in December was 1,000,000 barrels of oil and 100,000,000 cubic feet of gas, compared with 900,000 barrels of oil and 90,000,000 cubic feet of gas in November.

The APPA also reported that the province's oil and gas production in December was 1,000,000 barrels of oil and 100,000,000 cubic feet of gas, compared with 900,000 barrels of oil and 90,000,000 cubic feet of gas in November.

Today a Bushel of Wheat Buys Twice as Much Gasoline

In 1928, a bushel of wheat bought 17 gallons of gasoline. Today, you get almost 4 gallons of gasoline for a bushel of wheat. And it's the same story with other farm products.

Now in this country where general living costs have crept upward to a point where they are 50 percent higher than in 1927?

It is in our own back yard is the answer.

By discovering new sources of all the oil industry has been able to build the price has no products in spite of higher freight rates, increased production taxes. It is a story of tremendous increase in the cost of finding and producing oil, and of transporting, refining and marketing petroleum products. Today, depending on how close they are to new oil production, consumers on the price pay from 4 to 9 cents less per gallon for gasoline than they would be paying if new oil hadn't been found.

It's another example of how Western Canadians are benefiting from new oil production.

New Machines

In stock and not up for your inspection: New No. 306 grain drill. 34 row, double disc, with power-lift and stock wheels. Built for modern farming, the Massey-Harris No. 306 drill has an oil bath—protected drive. The multiple disc gear drive, now well tested and proven, provides a wide range of adjustments. See these new drills at your nearest Massey-Harris agent.

In stock. It can set up for your inspection. How? No 300 grain drill. 24 row, double disc, with power-lift and steel wheels. Built for modern farming, the Massey-Harris No. 300 drill has an oil bath—protected drive. The multiple disc gear drive, never wet tested and proven, provides a wide range of adjustments. See these new drills at our premises before buying.

We are offering you one of the best selections of used machines in central Alberta. With this we offer you our experience to help choose the machine most suitable for your job and your pocket-book.

Don't you find it cold riding that tractor? Come in and let us install one of these inexpensive cabs for you. You simply strap it on and the radiator fan sends warm air back to you and keeps you comfortable. We stock them for Massey-Harris tractors. However, in one day, we can have one for any make.

THE THIRD PAGE . . . Independent But Not Neutral

Liquor Law Changes

It is not that several members of the legislature are being bothered with letters asking them to vote against any changes in the Liquor Act, and Mr. Baker, who moved the address in the House, has received from a letter he had received from a young lady in the University asking him to sign any more resolutions for liquor as changes of that kind would harm the young people.

The Independent is quite sure that the same unhappy source to get a resolution of the liquor problem in from some young lady at the university and we are sorry that Mr. Baker did not quite listen to him in the House or even have members in the House who can get liquor when and where they want it and do not seem to be damaged by their freedom. The danger of having the young people come to be a part of the liquor problem and we know that the more they are restricted in getting liquor the more they are bound to get it.

The liquor question has always been a problem and always will be. It is not as if the human race which means that it is as old as the hills and liquor has furnished amusement for millions of Europeans and Americans of temperance advocates. Demon runs has always been held up as an example of the race, notwithstanding that liquor is not all bad and that it is some what new to it. If good liquor is a commodity that has been obtained by high manufacturing in men, and the everything else that has been obtained, we blame the community itself instead of the liquor.

In the middle years from 1920 to 1930, following the example of the United States, we had prohibition in Alberta and the majority of the Alberta Prohibitionists made him self a politician and the government was driven into it as he travelled from town to town to check up on how prohibition was working. The majority are much to consider and much to deplore during these years, temperance people were much to consider, but like all people with one-track minds, they continued to advocate that the cure for the drinking of prohibition was more prohibition of the same kind. Even in 1930, there are still a lot of people in the past and they claim that we could have solved the liquor problem thirty years ago, if we had put more teeth in the law and appointed more policemen so that if the police did not get a man who they could get him another and make another criminal out of a respectable citizen in the eyes of the law.

Human nature is like that, we like to see our virtue on other people, and we see the same principle operating to the full extent behind the Iron Curtain where we have more tyranny. In fact even in democratic countries there has always been a portion of the population which believes that the best way to further the advance of good citizenship is by the agency of more representative.

Fortunately we cannot build a democracy by the method, otherwise there would be no liberty in the world. The one thing that could be counted on in the progress of liberty in the past was the steady resistance of the underground against repression. The early church flourished in spite of persecution on account of the underground. Many nationalities were persecuted during two world wars, due to the underground and repression cannot stand in the long run even in Russia and its satellites on account of the underground.

We are not opposing the liquor problem to liberty the world over, but why cannot we learn the lesson that the more we repress the outside for liquor, the more they operate in the underground? From the time of Adam and Eve, it has been shown that the best way to create a demand for any commodity is to forbid it and liquor is the half the law from the fact that so many people are trying to prevent other people, just as good and just as sensible, from having it in their possession.

We venture to say that more than 95% of the young people of the province would have no use for liquor at all, if it was not held up as an essential social necessity that may be good for elderly people with wine in the glass, but when it comes to the young men and young women.

For there is nothing in the taste of strong drink in itself that would attract young people. It is to be mixed with water and with that juice to which it is added, but all that we have put it in the class of forbidden fruit and that makes it desirable. If there was no alcohol in it or if it was only a young people who cannot understand why it would be, especially since our native vines

Education Week March 1-7

The Fathers of Confederation wisely decided that in a land so vast and of so many diverse peoples, unity did not require uniformity of educational systems. Under the B.N.A. Act education was placed under the jurisdiction of the Provincial Governments.

Thus, they have eleven educational systems in Canada, one in each of the provinces except Quebec which has two, Roman Catholic and Protestant. The difference between these provincial systems is not important in their similarity. Through co-operation between the various provinces and also through the Canadian Education Association and the Canadian Education Federation which serves as clearing-house of information and the Canadian Council, the whole receive much the same type of educational training.

The administration of education in this province is carried on by a Department of Education, under the leadership of the Minister of Education, Mr. J. H. McLeod. He is a member of the Cabinet. He with the other members of the Cabinet determine the broad educational policy of the government in power. He is responsible to the Legislative Assembly, and hence to the people for the satisfactory operation of the educational system.

The Department of Education draws up the programme of studies, authorizes textbooks, sets minimum requirements for teachers, trains and certifies teachers and supervises the work of the schools. Inspectors and superintendents are the agents for the Department. They interpret the policy of the provincial authority and see that the Department's regulations are adhered to by local authorities. Teachers' organizations are playing an increasingly important role in co-operation with Provincial Departments of Education. They serve in a consultative capacity and are particularly active in all matters relating to teaching personnel.

Within each province there are varying degrees of decentralization. In Alberta, as in Saskatchewan or British Columbia, the local school boards are elected by the school supporters. In the few instances they are appointed by the provincial government. They are elected representatives of the ratepayers.

These local authorities under provincial regulations have responsibility for the building and maintenance of schools, the employment of teachers and the conduct of the educational programme to meet local requirements.

Local Councils of administration in which a number of local authorities unite for purposes of co-operation in the school system, usually through such measures as educational committees, joint purchasing of supplies, etc., are becoming more numerous. The education of our young people will be better when the school boards are united in provincial education and in the administration of local education authorities such as we can see in the future to make them more important.

one good reason for saving...now

Next December, be financially ready for Christmas. The current way to do it is to acquire Royal Bank Christmas savings account, now, and then pay as you march each week.

THE ROYAL BANK OF CANADA

Imperial Out Of Playoffs In Two Straight With Stamps
The Imperial hockey team was eliminated from the playoffs in two straight games, losing to the Stettin team in both encounters. The first game was a close contest, but the Stettin team emerged victorious in the end.

Stettin's Report
The Stettin team has been a consistent performer throughout the season, showing great skill and teamwork. Their recent victory over the Imperial team was a well-deserved one, given their superior play.

Kroeger Bros.

POWER LINE SERVICE AT A FARM PRICE.

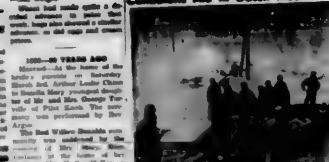

Why a STETTLER Motorist joined the AMA

The Alberta Motor Association with its 25,000 members is a powerful and progressive body working in the interests of Alberta's motorist. It vigorously promotes a better policy for governing highway improvements, lower tolls and greater convenience, safety and tourist travel. The most favorable opinion published by the Association in the province is available to its members anywhere in the province.

STALIN

By Ralph Chasen

What makes a leader great?
You never find the answer
In the things he did, or things he did not do.
For Stalin's word was like a fatal point
Upsetting everything that had happened before.

your Government

By Donald F. Smith

The Alberta government is not a government of the people. The Alberta government is not a government of the people. The Alberta government is not a government of the people.

Tell His Story

Now I HAVE A FUTURE UNLIMITED

"My career is bright. I got my agent early. I have a club that pays for my trips into the Bahamas and Barbados. I could become the next Boyz II Men. I will be able to cash in before the money runs out. They say I am a very lucky girl." I think you are!

Phyllis is only one of hundreds of young women who have come from inner-city areas throughout the South of the United States to attend the Creative Arts Academy, where they can receive a world-class education and become successful actresses, models, dancers, and more. They are the future stars of the entertainment industry, and it is an honor to be the people at the Creative Arts Academy who are responsible for their education.

It is all of our lives that are spent in the pursuit of dreams. We are all here to make a difference in the world.

Statler Hotel Corp. President
 William B. Smith, Chicago, Illinois

YOUR HELP TODAY WILL HELP THEM TOMORROW

Through the Statler Hotel Corp. Campaign, **Statler Hotels** are now one of America's largest contributors to the **United Negro College Fund**. In a relatively short period of time, Statler Hotels have been able to contribute more than \$1,000,000 to the United Negro College Fund. This money has been used to help build new dormitories, libraries, and other facilities on the campuses of the colleges and universities which are members of the United Negro College Fund. It has also been used to help pay the salaries of teachers and other staff members who are working to improve the education of Negro students.

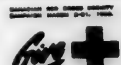

Statler Hotels are now looking for more people who will help them in their fight against poverty and ignorance. If you are a Statler Hotel, you can help by contributing to the United Negro College Fund. If you are not a Statler Hotel, you can help by donating to the United Negro College Fund. Your contribution will help to build a better future for the millions of Negroes who are still struggling to get an education.

Aspen Convention Also 128.2 lbs. Most

Shaver Avenue Convention was held at 128.2 pounds of meat in 1957 according to the National Bureau of Statistics. This represents a decline of about 3 pounds per acre from the previous year, but is still 10 pounds higher than the 1955-56 average.

Notice of Meeting

Report Indicates Hackery Big Business in Red Deer

Red Deer, Alberta, April 10.—(C.P.)—A report from the Red Deer Police Department indicates that the business of hackery is big business in this city. The report states that the police have received many complaints from citizens who have been victimized by hack drivers. The police are now making a special investigation into the matter.

Produce 17175 Barrels

By LAUREN FRASER
The Calgary Herald
Western Canada's 1715 bar-
reling units in January and
February of 1938 are reported
to average 223,000 barrels daily.
This is a record for the
month of January and February
of any year since 1925.
The average of 171,175 barrels
of oil and natural gas was
produced in January and Feb-
ruary of 1938 compared with
168,000 barrels in 1937.
According to statistics com-
piled by the "Daily Oil Bulletin,"
the new record of 171,175 barrels
was produced in January and Feb-
ruary of 1938 compared with
168,000 barrels in 1937.
According to statistics com-
piled by the "Daily Oil Bulletin,"

Mr. J. H. Carmichael and Mrs. J. H. Carmichael, of Stettler, Alberta, are the parents of the bride and groom. The wedding ceremony was held at the United Church of Stettler, Alberta, on Wednesday, May 13, 1953, at 2:30 p.m. The bride was escorted by her brother, Mr. J. H. Hennigan, and the groom was escorted by his brother, Mr. C. M. Carmichael. The ceremony was performed by the Rev. J. H. Carmichael. The wedding party included the bride, groom, bridesmaids, and groomsmen. The reception was held at the home of the bride's parents.

Canadian Dare Devil Thrill

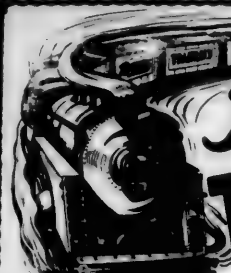

Canadian Dare Devil Thrill
Show To Appear Here
After six years of highly successful operation from coast to coast in Canada, the Canadian Dare Devil Show is now touring the West Coast. The show is a thrilling and exciting spectacle, featuring a variety of daredevil acts and stunts. The show is a must-see for anyone who enjoys a good show.

McTaggart Motors (Stettler) Ltd.

McTaggart Motors (Stettler) Ltd.
We are pleased to announce that we have received a large shipment of new cars and trucks from the factory. We have a variety of models to choose from, including the new 1953 Ford, Chevrolet, and Studebaker. We are also carrying a large stock of used cars and trucks. We are located at 1000 Main Street, Stettler, Alberta.

Again in 1953... Chevrolet is lowest priced!
It brings you more new features, more low-cost advantages, more real quality for your money...and it's Canada's lowest-priced full-size car!
Fully NEW through and through!

Don't Worry About Your Heart Says Noted Specialist

Dr. H. H. Spigel, of Stettler, Alberta, is the noted specialist in heart disease. He has been practicing medicine for over 20 years and has a reputation for his skill in diagnosing and treating heart disease. He is a member of the Canadian Medical Association and the American Medical Association.

Dr. Spigel says that heart disease is not a fatal disease, but a chronic one. It can be treated and controlled. He says that the most important thing is to get the heart in good condition. He says that the heart is the most important organ in the body and that it is the most vulnerable. He says that the heart is the most important organ in the body and that it is the most vulnerable.

Summer Election In August

A last-minute general election is being held in Stettler, Alberta, on August 10. The election is for the Stettler Municipal Council. The election is being held on August 10, which is a Tuesday. The election is being held on August 10, which is a Tuesday.

Program Planned In Stettler

The official opening and dedication of Stettler High School will be the centennial of the town's incorporation. The celebration is scheduled to begin at 10 a.m. on Friday, June 1, when a big parade of floats and bands will parade through the town. The floats will be headed by Stettler High School, followed by the Stettler Band, the Stettler Fire Department, and other organizations. The parade will be followed by a picnic at the school grounds. The celebration will be a day of fun and games for the children of Stettler.

Royal Holiday at Balmoral is "A Family Affair"

These informal pictures, taken last summer and recently released by Buckingham Palace, show Queen Elizabeth, accompanied by her four children, relaxing at Balmoral Castle. These informal holidays in Scotland are greatly appreciated by the royal family.

THE CROWN

When the Queen is crowned, she is crowned as the Queen of the United Kingdom and the Commonwealth. The ceremony is a religious and historical event. The Queen is crowned with the St Edward's Crown, which is made of solid gold and weighs 10 pounds. The crown is set with four large diamonds and 16 smaller diamonds. The Queen is crowned by the Archbishop of Canterbury. The ceremony is held at Westminster Abbey. The Queen is crowned at the age of 17. The ceremony is a tradition that has been followed for centuries. The Queen is crowned as the Queen of the United Kingdom and the Commonwealth. The ceremony is a religious and historical event. What Forest Conservation Means To Alberta
The Alberta Forestry Commission, which was established in 1946, has been working hard to conserve the province's forest resources. It has been successful in many ways, and its work is still going on. The Commission has been successful in many ways, and its work is still going on. The Commission has been successful in many ways, and its work is still going on.

Repellents
TARTO - 7-11-36. The Stettler Independent is pleased to announce the arrival of a new line of insect and pest repellents. These repellents are of the highest quality and are guaranteed to give complete protection against all insects and pests. They are available in a variety of sizes and prices to suit all requirements.

Denise Thrilled By Coronation Spectacle
Coronation, Red Deer, June 3, 1936. Denise, a young girl from Stettler, was thrilled by the coronation spectacle which was held in Red Deer on June 3, 1936. She was one of the many guests who attended the coronation and was very much impressed by the pageantry and the beauty of the coronation gown worn by the new queen.

Chronic Hospital In Stettler
A new and excellent chronic hospital is being built in Stettler. The hospital is being built on a site which is well situated and is of a very modern design. It is expected that the hospital will be completed in a few months and will then be open for the reception of patients.

Stettler High School Honored At Annual Banquet
A social and educational event of much importance was held in Stettler on June 3, 1936, when the annual banquet of the Stettler High School was held. The banquet was held in the Stettler Hotel and was attended by a large number of guests. The banquet was a great success and the Stettler High School was honored by the presence of the guests.

FATHER'S DAY CARDS

Urged To Support Calf Sale
Lead men and residents, who have been urged to support the calf sale, are urged to do so. The calf sale is a very important event and the support of the community is essential for its success. It is hoped that a large number of people will attend the calf sale and will support it by purchasing calves.

Coronation, Farmers' Day Celebrated At Halkirk
A social and educational event of much importance was held in Halkirk on June 3, 1936, when the coronation and Farmers' Day were celebrated. The coronation was held in the Halkirk Hotel and was attended by a large number of guests. The Farmers' Day was also celebrated and was a great success.

Official Opening Drive-In Theatre
The official opening of the Drive-In Theatre was held on June 3, 1936. The Drive-In Theatre is a new and excellent theatre and is well situated. It is expected that the Drive-In Theatre will be a great success and will attract a large number of patrons.

Town Council Holds Two Busy Sessions
The Town Council of Stettler held two busy sessions on June 3, 1936. The first session was held in the morning and the second session was held in the afternoon. The Council discussed a number of important matters and made a number of decisions.

Farmers' Day At Rochon Sends Tomorrow
A recent crowd of farmers and their families will join their friends from town at the Rochon Farmers' Day celebration, tomorrow. The celebration is a very important event and is well attended. It is hoped that a large number of people will attend the celebration and will support it by purchasing goods and services.

Obituary
John H. Clark, who died on June 3, 1936, at the age of 78, is survived by his wife, Mary, and by his children, John and Mary. He was a very kind and generous man and was well loved by all who knew him. His funeral will be held on June 5, 1936, at 11:00 a.m. in the Stettler Baptist Church.

Obituary
Mary H. Clark, who died on June 3, 1936, at the age of 75, is survived by her husband, John, and by her children, John and Mary. She was a very kind and generous woman and was well loved by all who knew her. Her funeral will be held on June 5, 1936, at 11:00 a.m. in the Stettler Baptist Church.

Model by model... mile by mile

Thriftest movers of them all

A large truck, possibly a semi-truck, parked on a road.

Model by model, feature by feature, these 1955 trucks are the greatest GMC trucks ever built. They bring you more power and more safety with better, more rigid and durable construction. All 1955 models provide increased power and higher compression ratio. These fully self-steering engines give you faster acceleration, greater hill-climbing ability and even greater economy than ever before.

But there's only one way to really know what advantages are waiting for you in these new GMC's - Drive a new one!

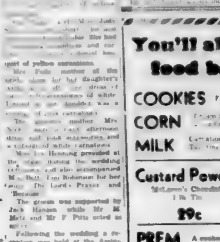

Your GMC dealer will put you behind the wheel of one of the wide variety of models available. You'll thrill to the drive of sparkling horsepower - the lift of responsive high compression - the safety and motion which will enable you to save more and make more on every hauling job - with GMC.

Get a real truck!

WOMEN TODAY...

They do most of the family buying, much of family banking. They keep the bank a safe, handy place to keep money; they like to pay larger bills by cheque. Going to the bank is often as much a part of the shopping day as a trip to the local stores.

to, as your like. This small com-
as a machine for picking up switch-
ball with straw racks

Repair Parts

One of the best sources on implement agent can give to
be customers is a good parts store. However, it does have
quite a problem for him to estimate exactly how many parts
of any kind that will be required for a year's operation.

Why not do your part and order the repair you need
now? It will help you more than your dealer.

Harris 18" No. 17 PTO Grain Leaders

Complete cartage to grain leaders. 13 - 21 and 24
ins. - Versatile and flexible. 9 and 17" tubes. Waxman and
Briggs & Stratton motors.

We may not know what you need or want but we probably
can get to see you if it is to be to the south country and is
available.

[illegible][illegible]

1 The food should be much more liable to rot than present. Avoid Fatigue.

2 Polysporin is a commendable disease. Avoid crowds.

3 Brooming should be avoided because of chilling fatigue and possible contamination of the water.

4 Avoid contamination by raw food material because including washing of hands before meals and after using the toilet.

5 High standards of food washing, washing of fruits and vegetables, and prevention of food against flies should be maintained.

6 Keep garbage and waste material covered to avoid attracting flies.

7 Control of sewage should be maintained. Flies in outdoor toilet can be controlled by treatment of lime D.D.T. or other, and by proper sewerage.

8 Where the disease is present, family operations for the removal of insects and rodents should be avoided. Extinction of earth should also be postponed if possible.

9 Bury one well when present or latent spreading.

McGillivray & Company

Stettler "Furnishings Priced To Quality" Alberta

Our Older Workers

They may look like old men, but they are the backbone of the Noranda strike. These men, many of whom are over 50 years of age, are the ones who have been working in the mines for decades. They are the ones who have seen the mines grow from small operations to the large industrial complex that is Noranda today. They are the ones who have taught the younger men the tricks of the trade, and they are the ones who are now leading the strike against the company's demands for higher production and lower wages.

The world is a big place, and the Noranda strike is just one of the many stories that are being written in the pages of history. These men, who are the older workers, are the ones who are making the difference between a strike that is just a collection of angry men and a strike that is a powerful statement of the workers' rights.

They are the ones who are the backbone of the strike, and they are the ones who are the backbone of the Noranda mine. They are the ones who are the backbone of the workers' movement, and they are the ones who are the backbone of the future.

Three Days in Jail!

They are the ones who are the backbone of the strike, and they are the ones who are the backbone of the Noranda mine. They are the ones who are the backbone of the workers' movement, and they are the ones who are the backbone of the future.

Building Permits Near Million Mark To Surpass All Records

Building permits issued in the Stettler area during the first nine months of the year 1936 have reached a total of \$1,000,000, a record for this section of the province. The permits were issued by the Stettler Board of Health, which has been in operation since the first of the year. The permits were issued for a wide variety of buildings, including houses, schools, churches, and commercial buildings. The total value of the permits issued during the first nine months of the year 1936 was \$1,000,000, a record for this section of the province. The permits were issued by the Stettler Board of Health, which has been in operation since the first of the year. The permits were issued for a wide variety of buildings, including houses, schools, churches, and commercial buildings.

M & S Plan Interesting Meeting For Sept. 22

The first meeting of the Stettler M & S Plan will be held on September 22, 1936, at 8 p.m. in the Stettler Public Hall. The meeting will be held for the purpose of discussing the plan and its objectives. The plan is a scheme for the improvement of the Stettler area, and it is hoped that the meeting will result in a wide participation in the plan by the community.

Years of Suppression Are Forgotten in Banquet

A banquet was held in the Stettler Public Hall on September 18, 1936, to commemorate the years of suppression of the Stettler area. The banquet was held for the purpose of raising funds for the Stettler M & S Plan. The banquet was attended by a large number of people, and it was a very successful one. The funds raised will be used for the improvement of the Stettler area.

Commit Donald's Man On Charge of Murder

Donald's Man, a man who was charged with the murder of a woman, was committed to the Stettler Public Hall on September 18, 1936. The man was charged with the murder of a woman who was found dead in the Stettler area. The man was committed to the Stettler Public Hall for the purpose of being held in custody until he can be tried for the murder.

Board of Trade Meeting To Be Held Monday

The Board of Trade will hold a meeting on Monday, September 21, 1936, at 8 p.m. in the Stettler Public Hall. The meeting will be held for the purpose of discussing the business of the Board of Trade.

Wedding

A wedding was held in the Stettler Public Hall on September 18, 1936. The wedding was held for the purpose of celebrating the marriage of a young man and a young woman. The wedding was attended by a large number of people, and it was a very successful one.

Town Boys New Garage Packer Truck

The Town Boys have purchased a new garage packer truck. The truck was purchased for the purpose of improving the Stettler area. The truck is a very good one, and it is hoped that it will be used for many years.

Town Council Meets Three Times in Four Days

The Town Council met three times in four days on September 18, 1936. The meetings were held for the purpose of discussing the business of the Town Council. The meetings were very successful, and it is hoped that the Town Council will continue to be successful in the future.

Obituary

Interim Payment 12 Cents On Wheat In 1952-53 Year

Wheat. — The Canadian Wheat Board will distribute \$100,000,000 in grain payments to Western farmers during the 1952-53 year, it was announced last night. Last year it was almost \$100,000,000 in grain payments.

When the wheat pool is closed, the board will announce the final payment to farmers.

Plenox Spray

Pine Sawfly With Virus Disease

What is believed to be the first "killing" spray, a virus disease, has been developed in Sweden. It is called Plenox and is used to control the pest pine sawfly. The spray is made from a mixture of virus and a carrier. It is applied to the trees in the form of a fine mist. The virus is carried by the sawfly and spreads to other trees. The virus is believed to be the first of its kind to be used in Sweden. It is expected to be used in other countries as well.

also includes (1) \$100,000 of new equipment, (2) an average amount of \$100,000 of new inventory, and (3) \$100,000 of new working capital. The total amount of new investment is \$300,000, which is well below the \$500,000 credit ceiling.

For the purpose of the SBA loan, the business plan must be prepared by the entrepreneur and must be based on a realistic assessment of the market.

Post-Shop Status

After the \$300,000 loan is received, the entrepreneur must submit a post-shop status report to the SBA. This report must be submitted by the entrepreneur and must be based on a realistic assessment of the market.

Millard & Son Glass Shop For Glass Of All Types

By "LOUIS"

My glass business thrived on money glass. I built this shop in 1974 and it is now a success story of a small business. I have been in the glass business for 10 years and I have been successful in my business.

Black. A better model car in low condition. Low 11,000 miles.

1947 Merc. Coupe \$895.
A good one in color.

1947 Chev. Coach \$1050.
Black - on this attractive 4 door sedan for 4 men. Fully a top car. Has been thoroughly serviced. You'll like this economical model and it is equipped with rubber tires. Try this a love day.

1947 Chev. Sedan \$1050.
Black. Here is a dandy 4 door sedan. A good second-hand car. Inviting to appearance and with other lots of automobile driving and with other lots of automobile driving and with other lots of automobile driving.

1948 Dodge Sedan \$475.
12 Blue. Here is a good pre-owned 4 door sedan which will give you lots of pleasing. Price of attractive and solid as is.

1942 Dodge Sedan \$495.
Grey. Excellent. Low priced from this sedan. Good throughout and reliable. An eye a value.

1951 Ford Coupe \$125.
DK. Blue. See this one too with good top and good tires. It's priced low for quick sale. Remounted throughout, and triple checked.

1952 Chev. 1/2 Ton \$1575.
Grey. Today's best buy in excellent 1952 Chev. 1/2 ton. Former owned and immaculately 11,000 miles. You'll like this model. Best opportunity.

1951 Dodge 1/2 Ton \$1225.
Maroon. Good for thousands of miles. - Great value for your investment.

1951 Chev. 1 Ton \$500.
Green. Well cared for. Good good value in a farm truck.

1949 Merc. 1 Ton \$995.
DK. Green. - See this one too with good top and good tires. It's priced low for quick sale. Remounted throughout, and triple checked.

1949 Merc. 1 Ton \$1170.
Grey. Leading value in a good low priced truck. Reupped with steel tire and wheels. See inside. Three tires & overhauls. Newly refurbed for quick sale.

1952 Chev. 2 Ton \$1695.
Green. This is an excellent four ton truck in 1951. Whenever 1 truck is 200 tons with good top. New heater and oil. 15 tire and overhauls. Low mileage. At a most price reduction.

1941 Chev. 3/4 Ton \$375.
Green. A reliable farm truck. The Truck money. Good wood grain look, good tires and steel wall.

1941 Dodge 1/2 Ton \$495.
Blue. Small brother's delight. "As is"

Severe Cutting Back Of Some Shrubs Produces Good Results

When shrubs are cut back severely, the results are often surprising, according to a report from the Dominion Bureau of Statistics.

The report states that in many cases, the shrubs that were cut back severely in 1935 have now produced a much larger crop than in previous years.

This is due to the fact that the shrubs were able to recover from the cutting and produce a new crop of fruit.

The report also states that the shrubs that were cut back severely in 1935 have now produced a much larger crop than in previous years.

This is due to the fact that the shrubs were able to recover from the cutting and produce a new crop of fruit.

The report also states that the shrubs that were cut back severely in 1935 have now produced a much larger crop than in previous years.

22 Minneapolis — body good.
No. 28 Minneapolis — Low weigher.
28-46 Avery —
 In good shape all bearing adjustable, bolts good.
Drive Belt —
 120" V 5-ply belt in good shape

Our list of used combines is becoming smaller. Though we still have a few good machines left.

1950 Massey-Harris No. 27 —
16-ft. with reclaimer, pick-up and straw spreader.

1948 Massey-Harris No. 21
16-ft. with reclaimer pickup and straw spreader.

1948 Massey-Harris No. 17—
15 ft., with reclaimer, pick-up and straw spreader.

Canada's largest selling grain loader today, you only have to inspect the Versatile to understand why it has captured the market.

They are strongly made, smooth running and highly economy.

We stock them in 13, 17, 21 and 24-ft sizes and they arrive set up ready to go.

The season is late and one of these Versatile Loaders

1948 Massey-Harris No. 17
P.T.O. 10-ft. with pick-up

1948 Massey-Harris No. 15 —
8-ft. with motor pick-up, and straw spreader.

1948 Massey-Harris Clipper —
6-ft. P.T.O. with motor pick-up

Anti-Freeze

Don't take a chance on your tractor, car, truck or combine. Put Anti-Freeze in them now.

Mr. **Franklin** and **Wile** and the price is a low **\$4.85** per gallon.

It costs no more today than later but its safer to buy it **now** than **if** later.

New Combines

You needn't be wasteful next spring and burn your old straw. Neither do you need to have a straw problem next spring. Just install an "Allway" Straw outter on your combine now.

No. 70 Self-Propelled —
No. 17 Pull-type —

The Wheat Situation

Alberta Wheat Board
The Wheat Board of Alberta has announced that it has received a request from the United States for the purchase of 100,000 bushels of wheat. The board has agreed to supply the wheat and has notified the United States of its intention to do so.

Get Your Car Ready For Winter Now!

Don't Wait
Fall is here, with winter's icy winds not far off. Wise motorists are already having their cars checked.

Time now...
To change lubricants in transmission, differential and crankcase to winter grades. Also to install anti-freeze, frost shields, block heaters, radiator covers. DON'T DELAY, BEING YOUR CAR IN TODAY!

Advice To Autists

Chief Driver's Advice
Autists are the most common type of driver on the roads. They are often careless and reckless, and they are a danger to themselves and others. Drivers should be advised to take extra precautions when driving around autists.

Big Valley

Hunters Can Aid Research Into Kanata W.I. Game Bird Population Changes

There are many hunters in the Big Valley area who are interested in the game bird population changes in the area. The Kanata Wildlife Institute (W.I.) is conducting a study of the game bird population in the area and is looking for hunters to help with the study. The study is being conducted over a period of three years and the results will be used to help the W.I. to develop a game bird management plan for the area.

The study is being conducted by the Kanata Wildlife Institute (W.I.) and is looking for hunters to help with the study. The study is being conducted over a period of three years and the results will be used to help the W.I. to develop a game bird management plan for the area.

This Creature Holds Title As Largest Worm In World

In Australia where old worms have been found, the creature known as the 'Giant Worm' has been found. It is a large, segmented worm, and is the largest of its kind in the world. It is found in the soil, and is a common sight in the fields. It is a very interesting creature, and is a good example of the diversity of life on Earth.

Elks Prepare Swimming Site At Castor

The Elks have prepared a swimming site at Castor. The site is located in a beautiful area, and is a good place for a swim. The Elks have done a great job of preparing the site, and it is a pleasure to swim there. The site is a good example of the Elks' commitment to the community.

Goose Hunters Gather

Goose hunters have gathered in the area. They are looking for geese, and are a good example of the hunting community. The hunters are a good example of the community's commitment to the environment.

Lower Pay For Older Men May Help Job Security

Lower pay for older men may help job security. This is a good idea, and it is a good example of the community's commitment to the environment.

Plastic Car Bodies Featured French Automobile Show

PARIS (AP)—The Paris Motor Show, which opened today, featured a number of new plastic-bodied cars. The Renault 16, a four-door sedan, was the first to be shown. It was made of a new plastic called "Lexan" and was said to be the first car in the world to be made of plastic. The car was shown in a special section of the show. Other plastic-bodied cars were also shown, including a two-door coupe and a three-door hatchback. The show was expected to attract a large number of visitors.

Godaby News

The last meeting for the year of the Godaby Club, an organization of women, was held last night. The club has been active throughout the year, sponsoring a number of social events and fundraisers. The meeting was held at the club's headquarters and was attended by a large number of members. The club's president, Mrs. J. Godaby, gave a report on the club's activities for the year. She said that the club had been very successful in its efforts to raise money for charity and to provide entertainment for its members. The meeting ended with a social hour and a dance.

Chrysler Will Build Half Million Dollar Plant At Red Deer

Red Deer, Alberta, is set to receive a major industrial boost as Chrysler announces plans to build a half-million dollar plant in the city. The plant, which is expected to be completed by the end of next year, will be used for the assembly of Chrysler cars and trucks. The company has chosen Red Deer as the site for the plant because of its strategic location and the availability of skilled labor. The plant is expected to create a number of new jobs for the local community.

Building Permits At Lacombe Almost \$300,000 in '53

Lacombe, Alberta, has seen a significant increase in building permits for the year 1953. The total value of the permits issued for the year is estimated to be almost \$300,000. This is a record for the town and indicates a strong economy in the area. The permits were issued for a variety of projects, including new houses, commercial buildings, and industrial structures. The town council is pleased with the growth and expects continued development in the future.

Edmonton Schools To Loose Under New Grant System

Edmonton schools are expected to receive a significant increase in funding under the new grant system. The system, which was implemented last year, allows schools to receive grants based on their enrollment and the needs of their students. This is expected to result in a more equitable distribution of funds and allow schools to better serve their communities. The school board is optimistic about the future of the system and expects it to continue to improve over time.

Career Woman Plans Trip to Europe

A career woman from Edmonton is planning a trip to Europe. She has been working in the field of international relations and has been invited to attend a conference in London. She will be traveling with a group of other professionals and will be staying in a hotel. She is looking forward to the trip and expects to have a very productive and enjoyable experience. She will be returning to Edmonton after the trip and will continue her work in the field of international relations.

To Receive \$1,500

A local businesswoman is offering a reward of \$1,500 to anyone who can provide information that leads to the identification and prosecution of a person who has stolen money from her business. The woman is a well-known figure in the community and has been a victim of theft on several occasions. She is offering the reward as a way to encourage others to help her and to bring the thief to justice. Anyone who has information should contact the police or the woman directly.

Pleasure To Tourists, Not Citizens

A group of tourists is expected to visit the city of Stettler, Alberta, for a number of days. The group is from a foreign country and is here for a sightseeing tour. They are expected to visit a number of local attractions, including the town square, the museum, and the park. The city is looking forward to the visit and expects to have a very successful and enjoyable experience. The tourists are expected to leave the city after a few days and return to their home country.

Damage Buildings In Construction

A group of buildings under construction in Stettler, Alberta, has been damaged by a fire. The fire started in a nearby building and spread to the buildings under construction. The damage is expected to be significant and will require a considerable amount of money to repair. The city council is looking for ways to help the owners of the buildings and is expected to provide financial assistance. The fire is a reminder of the importance of fire safety and the need for proper fire prevention measures.

Two Buses - Two Routes To Calgary Every Weekday

Two buses are scheduled to run from Stettler, Alberta, to Calgary, Alberta, every weekday. The buses are operated by the Stettler Coach Lines Ltd. and are expected to provide a convenient and reliable mode of transportation for commuters. The buses will leave Stettler at 7:00 a.m. and arrive in Calgary at 1:00 p.m. They will return to Stettler at 5:00 p.m. and leave for Calgary at 5:30 p.m. The service is expected to be very popular and will help to reduce traffic congestion in both cities.

PENTECOSTAL ASSEMBLY
 REV. H. B. BRIDGEMAN (OF PORT ALBERT) B.C.
SUNDAY, NOV. 21
 ALL ARE WELCOME.
 RICHIE, MANAGER

NOTICE
 I have sold my Beauty Parlor Business
 to Mrs. Marjorie Stettler (formerly Miss
 Marjorie Swann) who operated a shop here
 before. Opening date for her shop will be
 November 23rd.
 I wish to thank all my patients for their
 support the past twelve years.
 BOBB BROWN

Many of the boys over here
 think that the simple life is better
 than the one they are living here.
 They are getting a taste of the
 country life and are enjoying it.
 They are getting a taste of the
 country life and are enjoying it.

STETTLER INDEPENDENT

THE THIRD PAGE... Independent But Not Neutral
Alberta Avenue In 1906
Stettler has many more plans and plots of streets during the first few years, and there was a freedom in the early days of the city.

Falling Exports

Falling Exports should cause no alarm to Canadians that their trade and profits are in line. Following are figures for first four months of 1955 against first four months of 1954.

1954-55 YEARS AGO

Exports to all countries
January 1955 1954
February 1955 1954
March 1955 1954
April 1955 1954

1953-54 YEARS AGO

Exports to all countries
January 1954 1953
February 1954 1953
March 1954 1953
April 1954 1953

1952-53 YEARS AGO

Exports to all countries
January 1953 1952
February 1953 1952
March 1953 1952
April 1953 1952

1951-52 YEARS AGO

Exports to all countries
January 1952 1951
February 1952 1951
March 1952 1951
April 1952 1951

1950-51 YEARS AGO

Exports to all countries
January 1951 1950
February 1951 1950
March 1951 1950
April 1951 1950

1949-50 YEARS AGO

Exports to all countries
January 1950 1949
February 1950 1949
March 1950 1949
April 1950 1949

Correction

We wish to make a correction to an announcement appearing in this publication recently. It read in the advertisement that the closing system of your system is the BEST in the West because it's made for the West by Westman. This is one of the many reasons why Western farmers, fishermen, and outdoor sportsmen use Western equipment. They know it's the best. It's made in the West. It's made for the West. It's made by Westman.

The New Canadian Religion

By the Rev. G. D. Thomas

There is a new religion in Canada today. It is not a new religion in the sense that it is a new faith, but it is a new religion in the sense that it is a new way of life. It is a religion of the mind, of the heart, and of the hand. It is a religion that is based on the principles of the New Testament, and it is a religion that is based on the principles of the New Testament.

The new religion is a religion of the mind, of the heart, and of the hand. It is a religion that is based on the principles of the New Testament, and it is a religion that is based on the principles of the New Testament.

Sport Scene

The Stettler Hockey team has won a victory over the local team. The game was played on Saturday night and the Stettler team won by a score of 3 to 1. The game was a very close one and the Stettler team played very well.

Loss of M. R. C. Leaves Gap in Community Life

Local residents are mourning the loss of M. R. C. Leaves, a well-known community leader and a member of the Stettler Independent staff. Mr. Leaves, who has been a resident of Stettler for many years, died recently after a long illness. His death is a great loss to the community, as he was a very active and popular member of many local organizations. He is survived by his wife and several children.

Tip on Touring

For those who are planning to go on a tour of the province, it is important to have some tips on the road. One of the most important tips is to have a good map and a compass. It is also important to have a good sense of direction and to be able to read a map. Another important tip is to have a good sense of time and to be able to estimate the time it will take to get from one place to another. Finally, it is important to have a good sense of the weather and to be able to dress appropriately for the conditions.

Geddy W.M.S. Holds Meeting

The Christmas meeting of the Geddy W.M.S. was held at the home of Mrs. W. F. Young and Mrs. M. E. Green on Tuesday, Dec. 12. The meeting was held at 8:00 p.m. and was attended by a large number of members. The program consisted of a devotion by Rev. J. H. Green, singing, and a presentation of the Christmas story. The meeting was a success and the members were very happy to be together.

Symphony in Blue Glass

Each of these fragrances is a masterpiece of artistry. The Symphony in Blue Glass is a new perfume that has been created by a famous French perfumier. It is a perfume that is both elegant and sophisticated. It is a perfume that is perfect for any occasion. It is a perfume that is a true work of art.

Stores To Be Open Wednesday, Saturday

Stores in Stettler Remain Open
Sat. Night & Wed. Afternoon, Dec. 23

Town Council decided Tuesday night that it would be permissible for stores and other places of business to remain open until 9 p.m. Saturday, December 19 and Wednesday afternoon, December 23. The independent learned this morning that many of the stores will remain open on these days for the convenience of their customers.

With Christmas falling on Friday this year, there will be a long holiday weekend as Saturday, Boxing Day, is also a holiday.

Imperial Off To Good Start With 4-3 Victory at Didsbury

Imperial, with many new faces in the lineup, today won a 4-3 victory over Didsbury in the first game of the season. The game was played at Didsbury and was a very close contest. Imperial's goalkeepers were very good and the team played well as a unit.

Miss Beulah Brown, centre, emerged as Queen and on her left is Miss Katherine Woot. The title of Beauty Crown Queen Woot was won by Miss Beulah Brown.

Hoefling Given Five Years For Wife's Death

Stettler Board Of Trade Meets Monday Night

The regular meeting of the Board of Trade was held Monday night at 8 p.m. in the Stettler Hotel. The board discussed various matters and passed resolutions. The board also discussed the case of Hoefling, who was given a five-year sentence for the death of his wife.

Obituary

A. S. STEWART
Lacombe, Alberta, December 10, 1936. A. S. Stewart, of Lacombe, Alberta, died at his home on Monday, December 10, 1936. He was 78 years old. He was born in Scotland and came to Canada in 1880. He was a member of the Lacombe Lodge, No. 100, F. & A. M. S. He is survived by his wife, Mrs. A. S. Stewart, and several children.

Five Cifl Harns Of Fire Hazards At Christmas

Five Cifl Harns Of Fire Hazards At Christmas

The Stettler Board of Trade has issued a warning to the public about fire hazards at Christmas. The board has found that many homes are not properly prepared for the holiday season. The board has issued a list of five fire hazards that people should be aware of: 1. Candles, 2. Stoves, 3. Heating systems, 4. Electrical wiring, and 5. Christmas decorations. The board has urged people to take precautions to avoid fire.

Jewel Theatre To Open Monday Night

Monday night the Jewel Theatre will open with a new production. The production is a play about a man who is looking for his wife. The play is very interesting and is sure to be a hit.

FROM THE FILES
100-20 YEARS AGO
On Wednesday evening, the Stettler Independent was the first to report the death of Mr. J. H. Stewart, who had been in the hospital for some time. The death occurred at 10:15 p.m. on Wednesday, December 15, 1939. Mr. Stewart was 78 years of age. He was born in Scotland and came to Stettler in 1905. He was a well-known citizen and a member of the Stettler Golf and Country Club. He is survived by his wife, Mrs. J. H. Stewart, and two children, Mr. and Mrs. J. H. Stewart, Jr. The funeral will be held on Friday, December 17, at 10:30 a.m. from the Stettler Funeral Home. Burial will be in the Stettler Cemetery.

December 31 is Deadline For P.O.W. Claim Note

All claimants of war time losses in military service, who have not yet received their claim notes, must have them ready by December 31, 1936, to receive their money.

The War Relocation Authority, which is the agency for the distribution of these notes, has announced that it will not accept any more claims after this date.

The notes are given to the claimants by the War Relocation Authority, which is the agency for the distribution of these notes. The notes are given to the claimants by the War Relocation Authority, which is the agency for the distribution of these notes.

Yule Broadcast From Crippled Children's Hospital

The children here are preparing for the broadcast for several weeks and are very anxious to see their friends on the radio.

Homecoming Hints

By Your Dear Santa Claus, Margaret C. Fargar, Chief Santa, Edmonton.

Our Mopas At Christmas-Time

At this Christmas time, when all are thinking of their loved ones, it is a good idea to think of the Mopas that are now being sold.

The Mopas are now being sold at a special price, and are a very good investment for the future.

Response To Yuletide

An account of their first Christmas in Japan was recently received as a letter written by a Canadian officer, Mrs. Margaret A. Long, Christmas.

Chamber Of Commerce Hood Sees No Recession Ahead

Throughout the year ahead, the Chamber of Commerce here, which is the largest and most influential business organization in the city, sees no recession ahead. It is the opinion of the Chamber that the business situation in 1954 will be similar to that of 1953, with a steady upward trend in business activity.

RANGER WAS SHOWN OUT FOR SEASON

Mr. and Mrs. Al. Hinder. Mr. Hinder, after competing in the rodeo, was shown out for the season.

Mr. and Mrs. Al. Hinder. Mr. Hinder, after competing in the rodeo, was shown out for the season. The event was held at the local arena and drew a large crowd of spectators.

Tractors and Trucks Changing Traditions on Cattle Ranches

Tractors and trucks are changing the traditions on cattle ranches. The use of modern machinery has revolutionized the way ranches operate, making tasks that were once labor-intensive much easier and more efficient.

The change in ranching traditions is a result of technological advancements. Tractors and trucks have become essential tools for ranchers, allowing them to manage their land and livestock more effectively.

New Year Greetings

To One & All we wish the Happiest New Year Ever & Thank You for Your Appreciated Patronage.

Since 1906 we have sold quality furniture and home furnishings. Merchandise we could stand behind with a guarantee of perfect satisfaction. . . and the friendly service we have given our ever increasing host has played a most important part in the satisfactory growth of our business. At McGillivray's you will find smart furniture. . . Built to a standard, NOT a price. And friendly service always.

FIVE-YEAR EXPERIMENT TO IMPROVE FOREST ASSOCIATION

Shorts From The Federal-Provincial Agricultural Conference 1953

The annual meeting of the Federal-Provincial Agricultural Conference, which was held in Ottawa, Ontario, from October 14 to 17, 1953, has just concluded.

The conference was the largest ever held in Canada, with over 100 delegates from all provinces and the federal government.

The main theme of the conference was the development of a national agricultural policy.

The conference was a success, and it is hoped that the results will be of great benefit to the agricultural community.

New Years Greetings

As young Mr. 1954 comes bouncing in, full of the bright hopes and fresh enthusiasm of youth... let's re-kindle our own hopes from his... and find new inspiration in his enthusiasm. Let us resolve, as well, to make his stay with us a pleasant one... twelve months of friendships strengthened, ideals realized and aims accomplished... so that the New Year will leave this world a better place than it found it... and enrich us all with happy memories to cherish forever after!

At this time we extend to the people of Stettler our thanks for their Patronage and Goodwill.

J. Lawrence (Stettler) Ltd.

Wedding

A lovely wedding ceremony was held at the Stettler Hotel on Wednesday, January 21, 1964. The bride was Miss Mary Ann Smith, daughter of Mr. and Mrs. J. H. Smith, and the groom was Mr. John Doe, son of Mr. and Mrs. J. H. Doe. The ceremony was officiated by Rev. J. H. Smith.

The bride and groom were joined in holy matrimony by Rev. J. H. Smith. The ceremony was a beautiful one, and the bride and groom were both very happy. The reception was held at the Stettler Hotel, and it was a very successful one.

The bride and groom were both very happy. The reception was held at the Stettler Hotel, and it was a very successful one. The bride and groom were both very happy. The reception was held at the Stettler Hotel, and it was a very successful one.

RELICS

Many collectors can recall the old-fashioned store, the one that carried in quality and the quality of its stock that led to the store. These were the stores that carried in quality and the quality of its stock that led to the store.

On today, when there is a great deal of change in the store, it is a great deal of change in the store. It is a great deal of change in the store, it is a great deal of change in the store.

WE'RE REMODELING

Lawrence's Department Store is being remodelled from top to bottom, from front to back, and all departments are being rearranged. We are proud of our new look. But, most important, you will now find Stettler's largest, friendliest store the most convenient place to shop.

Our Grocery Department is closed out and will be replaced shortly by a modern shoe department - all this is being done so that our large stocks of wearing apparel and piece goods can be better displayed to best shopping advantage.

Drop in Today and See Lawrence's New Look!

Housework Aids

By Your United Home Department, Margaret C. Pappas,
Court House, Seattle
Efficiency in Your Kitchen

The kitchen is the hub of activity in every home. Wherever you prepare efficient methods of work better than in the kitchen where meals are cooked, dishes washed, fruits preserved, clothes cleaned and perhaps the family clothing sewn.

What does "efficiency" mean. When work is done efficiently, the job has been done well, in

Work surfaces should be provided on either side of the sink. A space 24 in. by 24 in. is required for stacking dishes to the right of the sink. A surface in front of the sink is required to be 24 inches to 30 in. of the sink with forward reach. Dish drainer It has been provided but no racks are required. Wash dishes from right to left.

The man center is for the preparation of coffee, candy, etc. should contain space for mixing bowls, cream, measuring cups, offer sugar, baking pans, etc. used in mixing. The refrigerator is located at the

READ OUR NEW MONTHLY
REPORT ON THE "Cold War"
Shows Balanced Struggle
The Cold War is a struggle between the United States and the Soviet Union. It is a struggle for world domination. The United States is the leader of the free world. The Soviet Union is the leader of the communist world. The Cold War is a struggle between these two superpowers.

Notice of Preparation of Assessment Roll

YEAR - 1954
TOWN OF STETTLETT

Notice is hereby given that the Assessment Roll of the said town, made under the provisions of the Assessment Act has been prepared and will be for thirty days open for inspection at the office of the Secretary-Treasurer of the Town, from 10 o'clock in the forenoon until 4 o'clock in the afternoon, on every day, not a holiday, with the exception of Saturday, and on that day from 10 o'clock in the forenoon until 12 o'clock in the afternoon, and any person who desires to object to the entry of his name or that of any other person upon any roll, or to the assessment of any property, must, within thirty days from date of this notice, lodge his complaint in writing with the Secretary-Treasurer of the Town.

Dated this 22nd day of February, 1954
D. H. Canadine
Secretary-Treasurer

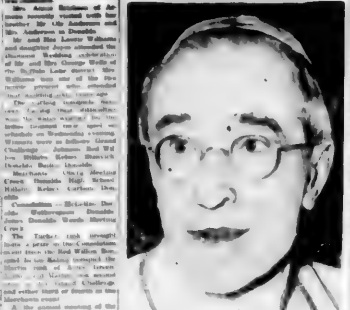

Make Your Dream A Reality

It Takes more than hopes and dreams to Build a fine home. It takes skilled hands, lumber and cement to build a house that will become a heritage... a home that will witness the rearing of a happy family. For the sake of economy consult us today about your building plans.

STETTLETT INDEPENDENT

An Independent Newspaper Published Every Thursday at Stettler, Alberta. Published by the Stettler Independent Newspaper Co. Ltd. C. WELLS - EDITOR AND PUBLISHER.

THE THIRD PAGE... Independent But Not Neutral

The Egg Or The Chicken

There is an old adage which says, "The egg came first, the chicken came later." This is a question of causality. In the case of the Stettler Independent, the question is whether the paper is the cause of the community or the result of it.

Letter To The Editor

Dear Sir, I am writing to you regarding the recent article in your paper about the local economy. I believe that the article is well-written and informative.

The Light Side

The light side of life is often overlooked. It is the joy and happiness that we find in the simple things of life. We should not let the darkness of our problems blind us to the light that is always with us.

THE LIGHT SIDE

There is a light side to every situation. Even in the darkest of times, there is a glimmer of hope. We must only have faith and believe that the light will eventually come.

THE LIGHT SIDE

The light side of life is the most beautiful. It is the love and compassion that we have for one another. It is the strength that we find in our faith and beliefs.

THE LIGHT SIDE

The light side of life is the most precious. It is the moments of joy and happiness that we cherish. It is the memories that we hold dear and that give us meaning to our lives.

THE LIGHT SIDE

The light side of life is the most wonderful. It is the love and compassion that we have for one another. It is the strength that we find in our faith and beliefs.

ORS (Stettler)

ber there was a whispering campaign to the effect that the giant Verrijnse Kaalwaterlood was to be recommissioned and that the Allied High Commissioners had already agreed to consider this. In reality the High Commissioners had said only that they were prepared to discuss the recommissioning of trading companies which used to act in the interests of the Verenigde Statenbanc and could do so on behalf of its successors. On November 16 Dr. Colpaert, the commercial adviser to the Belgian Premier, M. Van Crombrughe, on Page 12.

**MOST POWERFUL
GENERAL FARM DIESEL
ON WHEELS!**

GET TO KNOW HOW LITTLE IT COSTS

TO BUY YOUR TRACTOR FOR 6 MONTHS . . .

We'll Buy Half Your Fuel Ourselves

Yes, you read it right! Trade in your old tractor to a new **Cummins Diesel** when it comes, and we'll pay half your new tractor's fuel bill as a valuable incentive. We mean just 5 months' worth of your fuel, even your own diesel fuel, just for trading in the longest-lasting tractor you want to work. Just bring in your old bills to show us what you own, and we'll give you a check for half.

Why We're Making You This Offer:

We figure if we offer to pay half your fuel, you'll keep track

You're Paying For A Diesel.

Why Not Have One?

That's what we say with the high fuel cost of a gasoline engine, you're paying for a diesel whether you have one or not. That's why farmers by the thousands are switching to diesels. That's why doctors by the thousands are switching to diesels. That's why truck drivers by the thousands are switching to diesels. You will find them everywhere. They won't let you go down your street any more, start your morning now, visit their special office and talk.

We'll Buy Your Fuel!

McTaggart Motors

(McTaggart) Ltd.

Children from Oyster Bay, N.Y., visit the site of the collapsed bridge. The children are seen from behind, looking out at the large, dark, rocky structure that was the site of the collapsed bridge. The water is visible in the foreground.

Recovered ruins below the Astoria Falls and the water's impact on the appearance of the bridge's interior. More than 3,000 visitors viewed the low bridge on a cloudy day as news and cold predicted the best winter effect of the first low tide.

Objectives & Achievements

While Alberto Pool Elevators is an efficient large-scale business enterprise, it is something more.

It is a creation of the agricultural co-operative movement and as such is closely knit to the man and woman on the land who believe in the principles of co-operation.

Agricultural co-operation has two sides which, balancing each other, gives the movement strength. One side is the commercial and the other is the social.

The commercial side is to be regarded as the means to

the end of improving the living conditions of rural people.

With that objective in view, Alberta Pool Elevators has, over the years, provided surplus earnings to the benefit of the province. The total of \$15,390,441 has been distributed to the membership in the form of patronage dividends and redemption of reserves.

In addition reserves to the value of \$9,530,362 have been distributed as patronage dividends.

Furthermore, the operation of Alberta Pool Elevators has kept handling charges low and provided a high standard of service to patrons.

The social purpose of the farm co-operative movement is to raise the cultural standard of farm people and prepare them to assume their full share of responsibility in the nation's economic life.

"Every Pool elevator may be said to be a sentinel guarding the interests of the grain producers in that locality. Each one also serves as a link connecting all parts of a great democratic movement working on behalf of the people engaged in Canada's basic industry.

How can I know Good Beef ??

Every store says they sell good meat. But how can I really tell?

1. Watch For Color
Red color on the inside shows young beef.
2. Look For Marble
Like veins of white running through the red meat shows good beef.
3. Make Plans
It is shown that good quality, through and through.

Commune Wants Status of City

Stettler, Alberta (AP) — A group of about 100 people, known as the "New Commune," is seeking to have its settlement in the Stettler area designated as a city.

The group, which includes a mix of religious and secular members, has been active in the area for several years. They have built a large, modern-looking building and have been working on developing the surrounding land.

The group's leader, a man known only as "John," has been making a name for himself in the area. He has been seen in various places, including the Stettler area, and has been making a name for himself in the area.

Stettler and Stettler Set to Tackling Property

Stettler, Alberta (AP) — The Stettler and Stettler families are set to tackle a property dispute in the Stettler area.

The dispute involves a large piece of land in the Stettler area, which has been the subject of a long-running legal battle. The Stettler family claims that the land belongs to them, while the Stettler family claims that it belongs to them.

The case is expected to be heard in court in the near future. The Stettler family is represented by a prominent lawyer in the Stettler area, while the Stettler family is represented by a prominent lawyer in the Stettler area.

STETTLER, ALBERTA, Thursday, March 15, 1966

Board of Trade To Bring Oil Forum to Stettler in April

Stettler, Alberta (AP) — The Stettler Board of Trade is planning to bring an oil forum to Stettler in April.

The forum, which is being organized by the Stettler Board of Trade, will be a two-day event. It will be held in the Stettler area, and will be open to the public.

The forum will be a chance for the Stettler community to learn more about the oil industry in the Stettler area. It will also be a chance for the Stettler community to meet with the Stettler Board of Trade and to discuss the Stettler community's concerns about the oil industry in the Stettler area.

W. F. Townsend

1.5. BAKER - PHONE 11. AGENT

One Customer tells another:

When you buy a Stettler Dry Cleaner, you are getting a business that is built for the future. It is a business that is built for the future. It is a business that is built for the future.

STETTLER DRY CLEANERS

what has happened to the price of Gasoline on the Prairies?

Gasoline prices on the prairies have dropped. While the cost of nearly everything else we buy has gone up, the price of petroleum products has done better than the rest.

PETROLEUM ASSOCIATION

Since 1934, the average wholesale price of gasoline on the prairies has dropped more than 17%. In the same period, the cost of living has gone up 23.7%.

By buying gasoline from the Petroleum Association, you can save up to 10% on the price of gasoline.

Sparring For Best Contest

At the Stettler Independent, the sparring contest was a real treat. The two fighters were evenly matched and the contest was a real treat. The two fighters were evenly matched and the contest was a real treat.

Crude Oil Output Down 24,350 Barrels Daily

The Stettler Independent reports that the crude oil output has decreased by 24,350 barrels daily. This is a significant decrease and is a cause for concern.

Red Cross Donations

The Red Cross has received a large number of donations. These donations are being used to help the victims of the recent disaster. The Red Cross has received a large number of donations.

...the Spanish Dance Club is regular dinner in Miami (see "Wednesday Night A" in *AMERICAN*).

Prarie Grove W.A.

The regular meeting of the Prairie Grove W.A. was held at the home of Mrs. Robert Martin on last Saturday afternoon. Devotional time was led by the President, followed by singing.

Mrs. Anne Hill presented the report of the recent distribution of the Committee on Women's Work. A vote given by the members present was taken on the question of whether or not to accept the offer of the new building and to build a new one. The motion was carried.

The meeting closed with prayer and song.

Stettler Council Holds Regular Meeting Thursday Night

Stettler Council held its regular meeting Thursday night at 8:00 p.m. in the council chamber. The meeting was presided over by Mayor J. H. Smith. The following items were discussed: The council received a report from the Stettler Fire Department regarding the fire on the corner of 10th and 10th St. The fire was caused by a gas leak and resulted in the destruction of a building. The council also received a report from the Stettler Police Department regarding a burglary in the downtown area. The council discussed the possibility of installing a new fire alarm system and a new police station. The meeting adjourned at 10:00 p.m.

Can't Avoid Recognition Of China

Stettler Council has decided to recognize the People's Republic of China. The council voted 10-2 to do so. The council also voted to send a letter of congratulations to the new government. The council also discussed the possibility of establishing trade relations with China. The meeting adjourned at 10:00 p.m.

Diamond Digout

A diamond was found in a field near Stettler. The diamond was found by a local resident. The diamond is estimated to be worth \$10,000. The owner of the diamond is a local resident. Worcester—Local residents are scheduled for the annual general meeting of the Worcester Turnpike Association at the Pullman Hotel in Cohasset April 18, 10 and 16. Early reservations based on reports from the St. A. & L. Lehigh through Atlantic are that the attendance will be one of the biggest on record with two hundred offers of delegates and well over 100 persons expected to attend according to J. W. Atchley, general Secretary Treasurer of the Shatt's Pearsons, American.

**A Smashing Success
for STUDEBAKER**

IN COMPETITION AGAINST OTHER CARS!

This year's **MOBILE GAS ECONOMY RUN**, just completed at Sun Valley, Idaho, has resulted in a **SMASHING SUCCESS FOR STUDEBAKER.**

OUR COMMANDER and LANDCRUISER eight cylinder cars won over all other eight and six cylinder cars, with the exception of our **CHAMPION MODEL.** This Champion Model with overdrive gear must actual miles per gallon and won **First Award** in its class.

OUR AUTOMATIC EQUIPPED Cars won in their class.

**To Sum It All Up, STUDEBAKER MADE A CLEAN
SWEEP AND TOOK EVERY PRIZE.**

VOLUME FORTY NINE THE LEARNING JOURNAL OF CENTRAL ALBERTA STETTLER, ALBERTA, Thursday April 23, 1954

Stores To Close Saturday Nights All Year

As the result of a petition which was signed by more than 1000 of the merchants in Stettler, Town Council gave third reading to a by-law which requires all stores in Stettler to close up on Saturday nights throughout the year.

Closing on Saturdays at 8 p.m. has been a controversial question with Stettler merchants for some time. In order to secure the by-law during their busy season, stores in the past two years have followed the practice of staying open until 8 p.m. on Saturdays during the months of May, June, September and October.

The petition, asking for a new by-law, was drafted by a group of merchants and the Stettler Board of Trade and was handed to the council.

That's why it's the best value in the diesel engine world. You'll get 100% more fuel economy than any other diesel engine in its class. That's why it's the best value in the diesel engine world.

Alcoholism Foundation of Alberta
Plans Opening Of Branch in July

Plans are being made for the opening of a branch of the Alcoholism Foundation of Alberta in the city of Stettler. The branch will be opened in July and will be headed by a local resident. The foundation is a non-profit organization that provides support and resources for individuals and families affected by alcoholism. It offers a variety of services, including counseling, support groups, and educational programs. The new branch in Stettler will provide these services to the local community.

Public Building

Proposed By
Innovative People

The Public Building in Stettler is a proposed project that will provide a modern and functional space for the community. It will be located on the corner of St. James St. W. and 10th Ave. S. The building will be designed to meet the needs of the community and will provide a variety of services, including offices, meeting rooms, and a public library. The project is currently in the planning stage and will be completed in the near future.

"Mother's Day"
If I could but move the sun,
Or cut the clouds like cheese—
I'd compass this wonderful day,
To give you my Mother's Day.
Forever she'll live in my heart
With her saint and tolerant smile—
For God gave me life on this earth,
And Mother has made it worth while!

Botha Piano Pupils Present Recital in Botha United Church

Botha Piano Pupils presented a recital in the Botha United Church last evening. The pupils, under the guidance of their teacher, Mrs. J. A. Botha, played a variety of pieces, including Chopin's Nocturne, Debussy's Clair de Lune, and Schumann's Op. 10, No. 3. The recital was well received by the audience.

Receives Red Cross Badge of Service

Mrs. W. B. Webb, 81, is shown presenting the Red Cross badge of service to Mrs. J. A. Botha. Mrs. Webb is a member of the Red Cross and has been active in its work for many years. Mrs. Botha is a member of the Botha United Church and has also been active in its work.

The first gold uranium coal or other mineral. The Alberta province opened up the land westward to the west and brought it all for better or for ill. They stayed through years when things were worse rather than better. They suffered economic depression. They had to build roads after years without roads. They had to build such things as highways and modern cities. They poured efforts into developing their land, agriculture, industry, and so on.

The subject came up to the committee today detailed study of legislation which would exempt veterans to build on city lots and provide additional loans for improvements on small holdings.

Under new legislation, already approved in principle by the committee, veterans may obtain additional loans of five per cent interest for improvements.

They may also build under V.L.A. on city lots. However there will be no grants and the interest rate on loans will be 2 1/2 per cent. The chief advantage will be that the veterans will probably save their own construction

held in Red Bluff on June 17, 18, and 19.

It was decided that the lodge would again sponsor the First of July Sports in Big Valley and the various committees were appointed to take care of this.

Lunch was served following the sports.

Members of Big Valley, Mt. Pearl, Mt. C. Stewart, and Mt. and Mrs. C. Snowsack attended the Safety Council in Edmonton last week.

Further work is completely revamping the interior of the

This Canada of ours — is ours to enjoy at a price — the price of constant alertness. We cannot take for granted our freedom to worship, to vote, to advocate our children, or to order our home life as we please. All these freedoms are ours only as long as we are willing to do everything necessary to maintain and defend them. All hands then to the Canadian soldier — the steadfast guardian of all our free institutions. Without him the lies, the Canavals we live might cease to be. We have no much to protest. Let us all do our part, without let-up, in whatever

Where oh where does the money go?

That's a question we all ask ourselves! We ask it at Imperial too. And the answer is to be found in our annual report. Here is where each Imperial dollar went last year. 55% went to buy crude oil and other raw materials. 28% went to operating costs... including pay cheques to our employees. 10% was gobbled up in taxes... and the doesn't include the provincial gasoline tax. The rest... 4%... was dividends to our shareholders for the use of plants and equipment bought with their money.

Highways Minister Details Road Building Methods

Mr. W. L. Mackenzie, Minister of Highways, today outlined the methods used by the province to build and maintain its road system. He stated that the province spends approximately \$100 million annually on road construction and maintenance. He emphasized the importance of proper drainage and the use of modern materials and techniques to ensure the longevity of the roads. He also mentioned the role of local municipalities in road building and the importance of public cooperation in maintaining the roads.

Wife's Death

The death of a woman, Mrs. [Name], was reported today. She was found in her home in [Location]. The cause of death is still under investigation. The police are currently interviewing witnesses and conducting a forensic examination of the body.

Man's Death

A man, [Name], was found dead in a field near [Location]. The police are investigating the circumstances of the death. There are no suspects at this time, and the investigation is ongoing.

But the Game

The game of [Name] is a popular pastime in the community. It involves [Description of the game]. Many people enjoy playing it, and it is often held in parks and community centers. The game is known for its strategic nature and the skill required to play it well.

Why Do The Russians Defect To The West?

Many Russians are defecting to the West, seeking better living conditions and political freedom. This trend is often attributed to dissatisfaction with the Soviet system and the desire for a more open society. Defectors often cite the lack of political rights and the economic challenges they face in the USSR as reasons for their decision.

Britain Enjoying Prosperity

Britain is enjoying a period of economic prosperity, with low unemployment and a strong economy. This is due to various factors, including government policies and international trade. The country is seen as a model of economic stability and growth.

U.S. May Curb Canadian Imports

The United States may impose restrictions on Canadian imports, particularly in the automotive sector. This move is seen as a response to trade disputes and concerns about the impact of foreign imports on the domestic market. The U.S. government is currently reviewing the situation and considering possible actions.

Gifts for the Bride

Marshall Wells Stores offers a variety of gifts for the bride, including jewelry, linens, and home decor. The store is known for its quality products and excellent customer service. It is a popular destination for wedding shoppers.

Oil News

Oil prices are fluctuating due to market conditions and geopolitical events. Analysts are closely monitoring the situation and predicting future trends. The oil industry is facing challenges, but there is hope for a more stable market in the future.

How big is a Profit?

A lot less than most people think! The only quiver is that most people have with profit is... they think they are too big. In fact, the profit is often much smaller than it appears. This is due to various factors, including overhead costs and market competition. Understanding the true nature of profit is essential for business success.

New Act Benefits Farmers

The new act is based on the fact that the farmer is the backbone of the country and that the government has a duty to protect his interests. The change has been made to ensure that the farmer is not overburdened by taxes and that he is able to compete in the market.

The new act will provide for a more equitable distribution of the tax burden and will also provide for a more efficient system of collection. This will result in a more stable financial position for the farmer.

The new act will also provide for a more efficient system of collection. This will result in a more stable financial position for the farmer.

The new act will also provide for a more efficient system of collection. This will result in a more stable financial position for the farmer.

Red Willow
The Red Willow is a new breed of cattle developed by the University of Saskatchewan. It is a cross between a Hereford and a Red Angus. The Red Willow is a dual purpose breed, good for both meat and milk. It is a hardy breed, able to withstand the harsh Canadian climate. The Red Willow is a good mother, and its calves are easy to handle. It is a breed that is well suited to the Canadian prairie.

One TV Station To Each Area
Remains Only Govt. Policy
The Canadian Broadcasting Corporation (CBC) has announced that it will continue its policy of having only one television station in each area. This policy is designed to ensure that the CBC is able to provide the best possible service to its viewers. The CBC has announced that it will continue to operate its stations in a non-commercial manner, and that it will continue to provide a wide range of programming to its viewers.

Improved Export
Grain Leadings
Reported in East
The grain market in the East has shown a significant improvement in export leadings. This is due to a number of factors, including a strong demand for Canadian grain in the United States and a steady supply of grain from the Canadian prairies. The grain market is expected to continue to show improvement in the coming months.

Imported Leadings
Reported in East
The grain market in the East has shown a significant improvement in imported leadings. This is due to a number of factors, including a strong demand for Canadian grain in the United States and a steady supply of grain from the Canadian prairies. The grain market is expected to continue to show improvement in the coming months.

Over Expansion
Of Credit
The Canadian banking system has experienced a period of over-expansion of credit. This has led to a number of problems, including a decline in the value of the Canadian dollar and a rise in inflation. The Canadian government has announced that it will take steps to curb the over-expansion of credit, and that it will implement a new monetary policy.

that neither aspirin, if given
in excessive amounts, nor
any other remedy that
everybody has heard of
has proven to be better
than aspirin. Aspirin has
been shown to be the most
effective and safe remedy
for the relief of pain and
fever. Aspirin is the only
remedy that has been
proved to be effective in
the treatment of the
common cold, influenza,
and other viral infections.
Aspirin is also the only
remedy that has been
proved to be effective in
the treatment of rheumatism,
gout, and other conditions
involving inflammation.
Aspirin is the only remedy
that has been proved to be
effective in the treatment
of heart disease, high blood
pressure, and other conditions
involving the circulatory
system. Aspirin is the only
remedy that has been
proved to be effective in
the treatment of cancer.
Aspirin is the only remedy
that has been proved to be
effective in the treatment
of all the major diseases
of man. Aspirin is the only
remedy that has been
proved to be effective in
the treatment of all the
major diseases of man.

temperatures reached a little higher, and the soldiers were told to dig down. Eighteen feet below the surface, the soldiers found a large, empty chamber. The chamber was filled with a thick, white substance, and the soldiers were told to dig down further. The soldiers found a large, empty chamber. The chamber was filled with a thick, white substance, and the soldiers were told to dig down further. The soldiers found a large, empty chamber. Summary of The Assistance Available to Needy in Alberta

The following is a summary of the assistance available to needy in Alberta. It is intended to provide a general overview of the various programs and services available to those in need.

OVER 15 YEARS OF AGE

Over 15 years of age and under 65 years of age, and who are unable to support themselves or their families, may be eligible for assistance.

UNDER 15 YEARS OF AGE

Children under 15 years of age who are unable to support themselves or their families, may be eligible for assistance.

GRANTING OF ASSISTANCE

Assistance is granted on the basis of need. The amount of assistance granted will depend on the individual's circumstances.

APPLICATION FOR ASSISTANCE

Applications for assistance should be made to the nearest Social Services office. The office will provide information on the various programs and services available.

ELIGIBILITY FOR ASSISTANCE

Eligibility for assistance is determined on the basis of income, assets, and other factors. The Social Services office will determine if an individual is eligible for assistance.

REVIEW OF ASSISTANCE

The amount of assistance granted will be reviewed periodically. The Social Services office will determine if the amount of assistance should be increased, decreased, or discontinued.

TERMINATION OF ASSISTANCE

Assistance will be terminated if the individual is no longer eligible for assistance. The Social Services office will provide information on the various programs and services available.

ADDITIONAL INFORMATION

For more information on the various programs and services available, contact the nearest Social Services office. The office will provide information on the various programs and services available.

CONTACT INFORMATION

For more information on the various programs and services available, contact the nearest Social Services office. The office will provide information on the various programs and services available.

ADDITIONAL INFORMATION

For more information on the various programs and services available, contact the nearest Social Services office. The office will provide information on the various programs and services available.

THE OLD HOME TOWN
Stettler, July 8 (UPI)—The Stettler community is preparing to celebrate the centennial of the town's founding in 1866. The centennial committee is planning a series of events to mark the occasion, including a parade, a fair, and a series of lectures. The first event in the series is a lecture on the history of Stettler, which will be held at the Stettler Community Centre on Thursday at 7 p.m.

St. Lawrence Seaway Is Historical and Strategic
Stettler, July 8 (UPI)—The St. Lawrence Seaway, which opened for traffic today, is a major waterway that links the Great Lakes with the Atlantic Ocean. The seaway is a strategic link between the industrial heartland of North America and the rest of the world. It is also a historical link, as it has been used for centuries by Native Americans and Europeans alike.

RAID—BEELEY
The Stettler community is preparing to celebrate the centennial of the town's founding in 1866. Cooking and boiling of foods thus destroys the virus of

the dairy industry, as do not think such information will induce mother to buy more, will be better for her family. The welfare of our family comes first.

Now if the dairy industry would point out that milk is needed to build strong bod-

Nearly 100,000 of these young Canadians are studying, planning, building the year round. Through clubs and groups, they develop "habits, heart, head, and hands". The Leader, entitled "Rural youth plans its future", tells their inspiring story.

What Goes Into A Sausage?

Stettler Independent, Thursday, July 10, 1964

When a man goes to a sausage stand, he is usually looking for a good sausage. But what goes into a sausage? It is a mystery to many people. The sausage is made from pork, beef, or lamb, and it is seasoned with spices. The sausage is then cooked and served. The sausage is a popular food item in many parts of the world.

Can We Help You?

Each Week More and More People Are "Stopping in to See Us"

HOW DO WE HELP THEM?

- Your Community Newspaper**

Some who know what they wanted, came in and asked for it and had it. Others, who had no idea what they wanted, came in and asked for it and had it. They had many more "stopping in to see us" than they had before.
- Some Wanted To Advertise**

They were those who knew advertising and it was not only for them. They had had just as much as they could handle. They were those who had no idea what they wanted, but they wanted to see what they could do. They had many more "stopping in to see us" than they had before.
- Some Wanted Job Printing**

Not just any kind of job printing. They wanted quality and service. They wanted to see what they could do. They had many more "stopping in to see us" than they had before.
- Some Wanted To Subscribe**

More and more The Independent is becoming an active part of an active district. The present of Stettler and District is a very active one. They want to see what they can do. They had many more "stopping in to see us" than they had before.
- Some Brought In Local News**

Little news that interest few people, or hand-holding news that interest many people. They want to see what they can do. They had many more "stopping in to see us" than they had before.
- Think a Bit!**
- Can We Help You?**

Surplus Of Livestock Essential To Canada

Canada has been the victim of a surplus of livestock, and this surplus is essential to Canada. The surplus is essential to Canada because it provides a source of income for the farmers who produce the livestock. The surplus is also essential to Canada because it provides a source of food for the people of Canada. NOTICE

Re: Early Closing Bylaw

From the direction of the members of the Stettler Co-Op. Association at a recent Beef Night session the following petition will be held at the Stettler Co-Op. Store:

Whereas six (6) o'clock closing on Saturday nights is causing undue inconvenience to those who are in the mixed farming industry and others.

Therefore we the undersigned hereby petition the Stettler Town Council to revise their closing by-law so as to permit the places of business to remain open until nine (9) p.m. during the months from May 1st until December 31st.

Regardless of where you do business if you are in favor of the above closing hours your endorsement will indicate your wishes in this respect.

Board of Directors

...for that Rainy Day!

The rain doesn't wait till the rain falls before it gets himself on umbrellas. The same sound comes again to insurance. The insurance you want to place on your property - but didn't - won't do you a bit of good. The only insurance that will count is what you did place. Let your insurance program be your umbrella... and you can take life's "rainy days" in your stride.

TOWN OF STETTLER

Wedding

BAYBAND - LOUGHEED
The wedding of Miss Margaret Lougheed and Mr. Bayband took place at the Stettler Hotel on Wednesday, July 13, 1960. The bride was accompanied by her father, Mr. J. H. Bayband, and the groom by his best man, Mr. J. H. Bayband. The ceremony was performed by Rev. J. H. Bayband. The reception was held at the Stettler Hotel. The bride wore a white gown and the groom wore a dark suit. The wedding party included the bride, groom, best man, maid of honor, and bridesmaids. The wedding was a private affair and only family and friends were invited.

Is There Room For Everything?

You wonder if there will be room in the car for all of the things the family wants to take along on the vacation. Maybe you wonder, too, if there will be room in the BUDGET for all the things they want to do, the spots they want to visit, the fun they want to have. We can't help you with the car-packing job, but we CAN help you put enough "oh-so-room" in the vacation budget to make everybody happy! Dig out those non-longer-used articles from the attic or basement. Sell them for cash through an independent "Want Ad." The charges are low - 50¢ for an average 5-line ad.

Year Life Demands Protection

One of the most important things you can do for your family is to get life insurance. Life insurance provides financial protection for your family in the event of your untimely death. It is a simple and easy way to ensure that your family will be able to pay for their living expenses and other needs.

Peace Without Dishonor

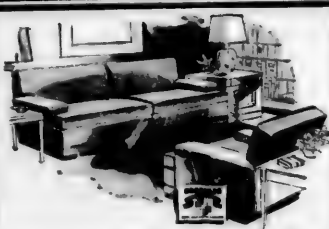

Just what is the peace without dishonor? It is the peace that comes from the knowledge that you have done your duty and that you are proud of what you have done. It is the peace that comes from the knowledge that you have done your duty and that you are proud of what you have done.

Is There Room For Everything?

You wonder if there will be room in the car for all of the things the family wants to take along on vacation. Maybe you wonder, too, if there will be room in the **BUGGY** for all the things they want to do, the spots they want to visit, the fun they want to have. We can't help you with the car-packing job, but we CAN help you put enough "off-road room" in this vacation buggy to make everything happen! Buy our **Marshall-Wells** used articles from the city or basement. Sell them for cash through an independent "Ward Ad." The charges are low - 5% for an average 5-day ad.

SPORTS SCRAP BOOK

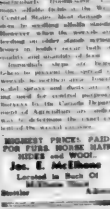

Alberta Per Capita Debt Lowest in All Canada

Alberta has dropped her position as the province with the lowest debt per capita in Canada. The province's debt per capita was \$10.34 in 1957, compared to \$10.34 in 1956. This was a result of the province's successful financial management and the fact that the province has been able to maintain a low level of debt per capita for many years.

A New Pest in Alberta

A new pest has been found in Alberta. It is a type of pest that has been found in the province for the first time. The pest is a type of pest that has been found in the province for the first time. The pest is a type of pest that has been found in the province for the first time.

B.P. SCOTT'S SCRAPBOOKS

Your Life Demands Protection

Your life demands protection. It is a fact that your life is precious and that you should do everything possible to protect it. This is why it is so important to have a good insurance policy. A good insurance policy will protect you and your family in the event of an accident or illness.

Halkirk News

Don Jackson, William of the Strand has been visiting at the home of Mrs. Mary C. Harkirk. It was here that he learned that Miss Ruth Knappe and Dr. Harkirk are planning to have a group of friends in the home of Harkirk on Monday night. Frank Landay and his two sons, Paul and Henry, will be leaving soon.

Miss Mary C. Harkirk, Edna and Lester spent the week end to home Mrs. Harkirk. Mrs. Taylor went to home with them where they will spend a few days.

A funeral will be held for Mrs. Frank Landay and family on Monday August 1. The funeral will be at the First Presbyterian Church. The Rev. George Gray was pronounced the officiating minister. His floral arrangement is in place in the Church basement.

Mr. Harry Stewart is a patient in the Astor Hospital.

Mr. C. E. Calkins, a well-known local laborer has died at 8333 10th St. He was 83 years old.

Is There Room For Everything!

You wonder if there will be room in the car for all of the things the family wants to take along on vacation. Maybe you wonder, too, if there will be room in the BUDGET for all the things they want to do, the spots they want to visit, the fun they want to have. We can't help you with the car-packing job, but we CAN help you put enough "allow room" in the vacation budget to make everything happy! Dig out these no-longer-read articles from the attic or basement. Sell them for cash through an Independent "Want Ad." The charges are low—50¢ for an average 5-line ad.

Industrial Nurse Plays Role in Mental Hygiene

Industrial nurse plays a role in mental hygiene, according to an article appearing in the Stettler Independent. The article states that the nurse's role is to observe the mental state of the patient and to report to the physician. The nurse is also responsible for the patient's physical care and for the administration of medicine. The article emphasizes the importance of the nurse's role in the treatment of mental illness.

Grade Oil Production Down 51,705 Barrels Daily

The daily production of oil in the province of Alberta has decreased by 51,705 barrels, according to a report from the Alberta Oil Producers' Association. The report states that the decrease is due to a combination of factors, including a decline in the output of the oil fields and a reduction in the number of wells that are producing. The association is concerned about the impact of this decline on the province's oil industry and is calling for measures to be taken to increase production.

Oil News

The oil industry in Alberta is facing a number of challenges, including a decline in production and a shortage of investment funds. The industry is also facing competition from other provinces and from foreign oil. Despite these challenges, the industry is working to increase production and to attract investment. The Alberta Oil Producers' Association is leading the effort to increase production and is calling for measures to be taken to increase investment.

Oil Production 215,540 Barrels Daily in Alberta

The daily production of oil in the province of Alberta has increased to 215,540 barrels, according to a report from the Alberta Oil Producers' Association. The report states that the increase is due to a combination of factors, including an increase in the output of the oil fields and an increase in the number of wells that are producing. The association is pleased with the increase in production and is calling for measures to be taken to increase investment.

It seems there is still a place for a snuffle between the jurors. This five-year-old snare was sold to Ralph Townsend, a judge-lecturer of Shurtleff for a price of \$400 by The Associates. Will you see how well his hotel of parrotfish sniffs.

Bull Calves Gain Faster Than Steers or Heifers

Pratishthan, a mating of two well-known beef breeds at the Experimental Farm, Indian Institute of Animal Husbandry, has been found to have the highest rate of gain in weight and feed efficiency of any breed of cattle raised in India. The results of a study conducted by the Indian Institute of Animal Husbandry, Bangalore, India, are reported in the November issue of *Journal of Animal Science*.

The study was conducted at the Experimental Farm, Indian Institute of Animal Husbandry, Bangalore, India. The results of the study are reported in the November issue of *Journal of Animal Science*.

M. D., Stettler Announces Govt. Road Grants for 1954

Mr. M. D. Stettler, Minister of Transport, has announced that the Government of Canada has approved a total of \$1,000,000 in road grants for the year 1954. This amount is the largest ever granted by the federal government for road construction in the province of Alberta.

The grants will be distributed to the various municipalities and counties throughout the province, based on the population and the condition of their roads. The total amount of \$1,000,000 is divided into two parts: \$500,000 for the construction of new roads and \$500,000 for the maintenance of existing roads.

Mr. Stettler stated that the government is committed to the improvement of the road network in Alberta, as it is essential for the economic development of the province. He mentioned that the grants will be distributed to the various municipalities and counties throughout the province, based on the population and the condition of their roads.

Mr. Stettler's Visit to the South

Mr. M. D. Stettler, Minister of Transport, is on a tour of the southern part of the province. He is visiting the various municipalities and counties to see the condition of their roads and to discuss the road grant program with the local officials.

He is currently in the town of Lethbridge, where he is staying at the Lethbridge Hotel. He will be visiting other towns in the south, including Medicine Hat, Calgary, and Edmonton, before returning to his home in Stettler.

Ralph Bunche Gets High Post

Ralph Bunche, United Nations Secretary-General, has been awarded the Nobel Peace Prize for 1954. This is the highest honor that can be bestowed upon a person for their work in promoting peace and international cooperation.

Bunche has been working for the United Nations since 1946, and has played a key role in many of the organization's most important decisions. He is widely respected for his diplomatic skills and his commitment to peace.

15-YEAR EXPERIMENT BEGINS IN WOODLAND LABORATORY

A 15-year experiment in woodland management has begun in the Woodland Laboratory near Stettler. The experiment is being conducted by the Alberta Forestry Centre, and it will involve the planting and management of a large area of land.

The purpose of the experiment is to determine the best way to manage a woodland for the production of timber and other forest products. The results of the experiment will be used to guide the management of other woodlands in the province.

Monument to Explorer Unveiled At Red Deer

A monument to the explorer James W. Ross was unveiled in Red Deer on September 6th. The monument is a large stone structure that commemorates Ross's discovery of the Ross River in 1800.

Ross was a Scottish explorer who was part of a fur trading expedition. He discovered the Ross River while traveling through the area, and his discovery led to the establishment of a fur trading post in the area.

The monument is a tribute to Ross's bravery and his contribution to the exploration of the West.

Check your chimney, check your flue. Your GAS efficiency depends on you.

Automatic controls and pilot lights too. Need your attention the winter thru.

Prepare for Winter NOW

Check your chimney pipes for leaks. And you'll be warm for weeks and weeks!

Women End By Tossing

A group of women in Stettler have been protesting against the closing of the local school. They have been holding demonstrations and have been successful in getting the school reopened.

The school had been closed because of a lack of funds, but the women have managed to raise the money needed to keep it open. They are proud of their achievement and are looking forward to the school reopening.

Oil News

The oil industry in Alberta is facing a number of challenges. One of the main issues is the shortage of oil, which is causing prices to rise. This is a problem for the province, as it is a major oil producer.

The government is trying to address the issue by increasing production and by finding new sources of oil. However, it is a difficult task, and it will take time to solve the problem.

The oil industry is also facing competition from other sources of energy, such as coal and natural gas. This is putting pressure on the industry to become more efficient and to reduce its costs.

Count's Machinery

Count's Machinery is a leading supplier of agricultural and industrial machinery. We have a large inventory of equipment, and we can provide you with the best price and the best service.
